### Speaker Release

Event:

Location:

Date/Time:

KPFA, a non-commercial, listener-sponsored FM radio station broadcasting throughout Northern and Central California, is the 56-year old flagship station of the Pacifica Radio Network. KPFA was the first public radio station in the United States.

By signing this Release, I give KPFA Radio permission to digitally audio and video record this event. I understand the audio recording is intended for subsequent broadcast by KPFA, which will promote and transmit the work to their listening audience on an exclusive and strictly non-commercial basis, with the broadcast specifically identified and my work clearly credited.

I give KPFA permission to offer the recordings as a premium, or thank-you gift, solely to supporters of the non-commercial Pacifica Radio Network and its non-profit affiliates.

Finally, I give consent for the videotaping of this event to be given for free to non-profit organizations who might request it, such as, Democracy Now, Link TV, and community cable television stations.
